

## Exhibit and Outreach

EMBC '06 features a large-scale commercial and technical exhibition on medical instruments and related key components. Join us with the clinical practitioners and hospital representatives to share your latest products and services in:

The exhibition is dedicated to facilitating cooperation between the medical equipment and/or healthcare service industrialists, clinical practitioners and academic researchers. Don't miss the opportunity to meet the worldwide regulatory authorities in medical devices.

### ***Benefits of Exhibiting as a Medical Device/Healthcare Service Industrialist***

#### **To Network with Hospitals**

Hear out valuable feedback and spontaneous views about your products & services directly from your end-users, and grab this golden opportunity to promote your latest productions to the clinicians and decision makers from major hospitals.

#### **To Recruit Excellent Young Talent**

Come and meet the outstanding students and junior researchers in the mini job fair, and let them know the unique opportunities your organization can offer.

#### **To Exchange Ideas with Academics and Professionals**

Glean the most up-to-date knowledge through interchanging with professionals from disparate but related fields, and build awareness – the next medical breakthrough could be at your finger-tips.

Drug Delivery and Development Equipment  
Medical Imaging Systems  
Surgical Tools & Equipment  
Physiological Monitoring  
Devices for Rehabilitation and Physical Therapy  
Hospital/Healthcare Architectural Design & Consulting Services

Biotechnology and Bio-sensors  
Diagnostic Equipment for Clinical Examination  
Wearable Devices for m-Healthcare  
Tele-medicine Systems  
Other Related Products and Technologies  
Book Publications of Related Topics

Promote your products at an exhibition booth or in the conference booklet. Expand your network at the reception in a relaxing atmosphere. We aim to provide you with opportunities that assure your participation an informative and enjoyable one, with pleasant surprises too!

### ***Why Attend EMBC '06 Annual Conference?***

Join the exchange between engineering, medicine and industry. We believe your participation will be rewarded by:

- Broader vision on medical science, technology and practice.
- Face-to-face interaction with industrialists to explore technical innovations and new medical devices.
- Opportunities to build professional relationships and career success.
- Acquainting yourself with new products and solutions that improve clinical practice.

Early Deadline Discount: 31 May 2006
